

# Release Notes

## Updated Professional Services

### PlusOne 3.3.17

Updates to Professional Services to support February 2018 changes to 6CPA recording and reporting requirements, including 6CPA data collection.

## New Features & Functionality

### Staged Supply

- New form added for 6CPA data collection follow up (Choose Patient > Select Service > Select 6CPA Data Collection > Select Staged Supply Follow Up)

### Dose Administration Aids

- New form added for initial 6CPA data collection (Choose Patient > Select Service > Select 6CPA Data Collection > Select DAA Patient Registration)
- New monthly claim form

### MedsCheck/Diabetes MedsCheck

- New form added for initial 6CPA data collection (Choose Patient > Select Service > Select 6CPA Data Collection > Select MedsCheck Patient Registration)
- Date of birth mandatory to comply with new 6CPA requirements
- New monthly claim form. *Note: if claiming for MedsChecks completed prior to 1st Feb 2018, you must use the Legacy Claim Form.*
