DIRECTORS REPORT

The loss of the consolidated entity after providing for income tax \$1,107,112 (31 December, 2014 \$290,550).

Revenues for the December 2014 half year included \$450,000 in net license fees paid by Actavis Pharma Pty Ltd under the Co-Marketing and Distribution Agreement. This was the final payment due under the agreement and is not a recurring revenue source for the business.

Consistent with the strategic plan of the business to take its world class technology to a broader audience, the appointment of Mr Robert Read in July 2015 was a key milestone which has resulted in the company expanding its business to focus on building our marketing and sales capabilities. Mr Read has a background investing and working with small and growing businesses in both venture capital and private equity contexts as well as having senior pharmaceutical experience with one of the world's biggest pharma companies, GlaxoSmithKline.

The revised GuildLink Agreement that came into place in October 2015, has resulted in the Company changing the way it engages with its customer base. This has resulted in MedAdvisor holding the primary relationships with its customers. As a result we have enjoyed an increase in gross pharmacy margins from 44% to 60%.

Following the appointment of Mr Robert Read as CEO in July 2015 and the completion of the Convertible Note issue the Company embarked on rapid expansion of internal resources in product development and marketing and ramping up consumer and pharmacy directed marketing initiatives. As a result staff numbers grew and the company has built on its internal administrative capabilities and expanded its marketing activities in line with its growth agenda.

Finance expenses for the current period include a charge of \$180,772 for listing costs which has arisen from the application of AASB 2 "Share-based payment" and AASB 3 'Business Combinations' Accounting Standards. This is a non-cash charge and does not relate to the actual costs incurred in relation to the relisting of the Company in December 2015, which have been treated as a charge against paid up capital in accordance with the Accounting Standards. Refer Note 6 of this Report.

Following the successful relisting of the Company in December 2015 the business is in a solid financial position with net tangible assets of \$4.2 million and cash reserves \$4.6 million.

Significant Changes in State of Affairs

On 12 November 2015 the Company completed the reverse takeover transaction with MedAdvisor International Pty Ltd. The completion of this transaction resulted in the Company issuing to MedAdvisor International Pty Ltd shareholders 385,064,105 shares in MedAdvisor Limited in exchange for 100% of the issued shares of MedAdvisor International Pty Ltd which company owns and operates the MedAdvisor medication management and adherence platform. In addition the Company issued 39,250,014 shares in MedAdvisor Limited to MedAdvisor International Pty Ltd Noteholders in satisfaction of their Notes in accordance with the terms of the agreement with signed with MedAdvisor International Pty Ltd.

The Company currently holds two mining tenements in New South Wales and has begun the process of surrendering these tenements and applying for a refund of the associated Exploration Bonds.

Future Developments

The company has developed leading-edge technology and IP that puts the patient at the heart of the solution, delivering the best user-centric link between patients and pharmacists in the market. Building on its connected technology health platform, MedAdvisor will deliver a pilot of GP Link in H1 2016. GP Link will allow patients to request a repeat authorisation from their favourite GP. Offering utility and convenience, GP Link will help

patients better manage their scripts and allow GPs to understand their patient's medication adherence and make more informed prescribing decisions while supporting better health outcomes.

Events Occurring after the Reporting Period

Ms Hook brings extensive experience as a non-executive director, board advisor as well as senior management experience across a wide range of industries, including digital and media. Ms Hook will also add to the Board's marketing and sales capability.

There are no matters or circumstances that have arisen since the end of the half-year which significantly affected or could significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

1. General

These financial statements represent those of MedAdvisor Limited ('MedAdvisor' or the 'Company') and the entities it controls for the half-year ended 31 December 2015.

2. Basis of preparation

The half-year financial report is a general purpose financial report prepared in accordance with the requirements of the Corporations Act 2001 and AASB 134 Interim Financial Reporting. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'. The half-year report does not include all of the information required in annual financial statements in accordance with Australian Accounting Standards, and should be read in conjunction with the financial statements of the Company for the year ended 30 June 2015 and any public announcements made by the Company during the half-year in accordance with continuous disclosure requirements arising under the Australian Securities Exchange Listing Rules and the Corporations Act 2001.

3. Critical accounting estimates and judgements.

The directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the company.

4. Earnings per share

6. Reverse acquisition accounting

On 12 November 2015, MedAdvisor International Pty Ltd original shareholders obtained a majority share interest in MedAdvisor Limited (formerly known Exalt Resources Limited) after a reverse acquisition transaction.

This transaction did not meet the definition of a business combination in AASB 3 'Business Combinations' as the net assets that existed within Exalt Resources Limited as at the date of acquisition did not represent a 'business' (as defined by AASB 3). The transaction has therefore been accounted for in the consolidated financial statements by reference to the accounting requirements of AASB 2 'Share-based payment' and AASB 3, as a deemed issue of shares which is, in effect, a share-based payment transaction whereby MedAdvisor International Pty Ltd original shareholders have acquired the net assets of MedAdvisor Limited (formerly known Exalt Resources Limited), together with the listing status of MedAdvisor Limited.

The consolidated financial statements represent a continuation of the financial statements of MedAdvisor International Pty Ltd. The following principles and guidance on the preparation and presentation of consolidated financial statements in a reverse acquisition set out in AASB 3 have been applied:

- fair value adjustments arising at acquisition were made to MedAdvisor Limited (formerly known Exalt Resources Limited) assets and liabilities, not those of MedAdvisor International Pty Ltd;
- the cost of the acquisition, and amount recognised as issued capital to affect the transaction, is based on the value of the notional amount of shares that MedAdvisor International Pty Ltd would have needed to issue shareholders of Exalt Resources Limited to acquire the same shareholding percentage in MedAdvisor Limited at the acquisition date;
- retained earnings and other equity balances in the consolidated financial statements at acquisition date are those of MedAdvisor International Pty Ltd;

MEDADVISOR LIMITED
(formerly Exalt Resources Limited)
ABN 17 145 327 617

NOTES TO THE FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2015

- an in-substance share-based payment transaction arises whereby MedAdvisor International Pty Ltd is deemed to have issued shares in exchange for the net liabilities of MedAdvisor Limited (together with the listing status of MedAdvisor Limited). The listing status does not qualify for recognition as an intangible asset. The excess of the value of consideration deemed to have been paid over the fair value of the net liabilities acquired has therefore, been expensed in profit or loss as a share based payment listing expense;
- the equity structure in the consolidated financial statements (the number and type of equity instruments issued) at the date of the acquisition reflects the equity structure of MedAdvisor Limited, including the equity instruments issued by MedAdvisor Limited to effect the acquisition;
- the results for the half-year ended 31 December 2015 comprise the consolidated results for the entire half year of MedAdvisor International Pty Ltd together with the results of MedAdvisor Limited from 12 November 2015; and
- the comparative result represents the consolidated half-year results of MedAdvisor International Pty Ltd only.

7. Acquisition share based payment expense

On 12 November 2015, Exalt Resources Limited acquired 100% of the share capital of the MedAdvisor International Pty Ltd. MedAdvisor Limited (formerly known Exalt Resources Limited) issued 385,064,105 shares to the original shareholders of MedAdvisor International Pty Ltd. The issue of shares resulted in the MedAdvisor International Pty Ltd original shareholders holding a majority share interest in MedAdvisor Limited (formerly known Exalt Resources Limited).

This transaction has been accounted for as a share-based payment in accordance with AASB2 'Share-based payment' and the consolidated financial statements represent a continuation of the financial statements of MedAdvisor International Pty Ltd. The consolidated comparative numbers represent those of the consolidated MedAdvisor International Pty Ltd operations and not those of MedAdvisor Limited (formerly known Exalt Resources Limited) operations.

The following table represents the assets and liabilities of Exalt Resources Limited that were acquired on its acquisition by MedAdvisor International Pty Ltd:

INDEPENDENT AUDITOR'S REVIEW REPORT**TO THE MEMBERS OF****MEDADVISOR LIMITED**

We have reviewed the accompanying half-year financial report of MedAdvisor Limited which comprises the consolidated statement of financial position as at 31 December 2015, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of MedAdvisor Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations act 2001*, which has been given to the directors of MedAdvisor Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of MedAdvisor Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2015 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
